

Small Group Piano Lessons at After School

Piano Playtime

Piano Playtime offers a unique music education experience using peer group motivation and a playful approach to teach children the piano. The program reaches younger children on their level using an age-appropriate curriculum and color-coded system, workbooks, songs, props and improvisation to keep them engaged. Lessons for older children include traditional studies of notation, theory, and staff music, which is easily transferable to other instruments. This approach gives students a solid foundation of musical knowledge, while balancing these concepts with a lighthearted, exciting tone to keep their attention.

Espanol Es Excelente!

Classes taught by a MPS Spanish teacher. Students will begin each class with an authentic Spanish children's song that relates to the topic of the day and continue with activities using film, puppets, interactive play and discussion to bring to life each class topic. Students will become familiar with speaking and hearing simple Spanish words, and will bring home their activity sheets and list of Spanish vocabulary each week. Class offers an excellent opportunity for Spanish cultural and language enrichment. **Wednesdays 3:30-4:30** at Tucker.
